Objective

MCA graduate with strong skills in Python, Java, SQL, Flask, and Web Development. Built AI-powered and full-stack projects including Resume Analyzer, Traffic Sign Classification, and Plant Disease Detection systems. Currently upskilling in React.js and seeking an entry-level Software Developer or Full Stack Developer role.

Technical Proficiencies

Languages: Python, Java, SQL, JavaScript, C/C++

Database: MySQL, SQLite, DBMS

Web Technologies: HTML, CSS, Flask, React.js, Bootstrap

Concepts: OOPs, Data Structures, REST APIs

Tools: GitHub, VS Code, Streamlit

Technical Projects

CareerSaathi – AI Resume Analyzer & Job Portal

- Developed AI-powered resume analysis and job portal using Flask and SQLite.
- Implemented resume parsing, resume scoring, career recommendation, and recruiter modules.
- Technologies: Python, Flask, SQLite, HTML/CSS.

Traffic Sign Classification System

- Built traffic sign classification system using CNN and OpenCV.
- Developed Flask web application for real-time prediction and image processing.
- Technologies: Python, TensorFlow, Flask, OpenCV.

Matadaan – Online Voting System

- Designed database-driven voting application using ASP.NET and MS Access.
- Implemented secure authentication and data management functionalities.
- Worked on backend database handling and structured data operations.

Internship

AI/ML Intern – Accolade Tech Solutions | July 2025

- Developed traffic sign detection project using Python, Flask, and machine learning concepts.
- Worked on data preprocessing and application deployment.

Strengths

- Problem Solving
- Analytical Thinking
- Quick Learner
- Team Collaboration

Education

- Master of Computer Application (MCA) – Canara College, Mangalore University | CGPA: 8.97 | 2024-2025
- Bachelor of Computer Application (BCA) – Govinda Dasa College, Mangalore University | CGPA: 9.52 | 2020-2023

Certifications

- Web App Development with React JS – CodeLab Systems, Mangaluru
- Python for Data Science – University of Madras
- Computer Hardware & Networking – Mangalore University
